

Available from Medline

Men's Liberty™ Acute
External catheter for men

FreeDerm® Adhesive Remover
Instantly removes hydrocolloid without irritation.

CathGrip®

- Universal securement for tubes 6-42 Fr
- The recommended device to anchor Men's Liberty Acute

- Non-invasive design, can help reduce the risk of infection associated with indwelling catheters
- Completely external design
- One size fits most male anatomy
- Keeps patients dry and comfortable
- Connects directly to a leg or bed bag
- Avoids moisture related skin breakdown
- Forms occlusive seal around the urinary meatus
- Replaces diapers, condom catheters, and when medically unnecessary, Foley catheters

UROLOGY

- Universal securement line manages tubes from 6-42 Fr
- Available in single or double straps
- Skin friendly material moves with the body
- Durable, soft straps with no-slip grip for repeat positioning
- Extended wear time, 2-3 times longer than competitors
- For adult and pediatric patients
- Meets your securement needs in only 18 SKUs
- Comfortable fit and secure hold for up to 7 days

SECUREMENT

- Instantly removes hydrocolloid and most adhesives without irritation
- Quick drying, evaporates rapidly, leaving no residue
- Allows for immediate re-application of an adhesive without washing
- Reduces skin trauma from tape and dressing removal including infection risk, inflammatory damage and edema
- Unscented, no-sting formula, safe and gentle for children and adults
- Available in spray, wipe & ampoules
- Environmentally friendly, does not contain ozone depleting chlorofluorocarbons

ADHESIVE REMOVER
